green in every color.

Amazon Select™, are premium quality, eco-friendly latex paints. They're manufactured from quality, surplus paint that Amazon Environmental collects from government, business, and consumers.

Amazon Environmental's paint reprocessing system guarantees that every gallon sold meets strict specifications for color, gloss, viscosity and coverage. Amazon Select has passed independent testing by the Master's Paint Institute and has earned the Green Seal stamp of approval. Amazon Select meets or exceeds the performance specifications of national paint brands.

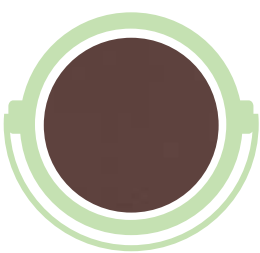

Amazon Environmental guarantees satisfaction or your money back.
